Greetings to all,

Welcome back and I am looking forward to supporting our favorite industry – barber, beauty, nail, spa & wellness marketplace. With cautious updates to be made, processes to refresh and most importantly, businesses and clients to reengage. It is time to look ahead and strategize for this new phase of our business and it is time to come back stronger than ever.

November 2019, I started my new business and company. I was all set with new and improved products, brands for the marketplace and then we all saw a major global pandemic rapidly change our daily lives. *As I say the new year & decade will be time for recovery, revival & refresh.*

No two towels are same, after almost two and half decades of textile business I have finally found the superior quality products for salon market place.
